

Local opposition to proposed quarry in Carrajung

The week before Christmas, a notice for a planning application for an industrial quarry and associated trucks was issued directly across from our home on old Carrajung Road, Carrajung. Our bedroom is 40 meters from their truck entrance, and less than 180 metres from their proposed gravel stockpile and loading area.

We have been chatting to others in Carrajung and downstream of Reedy Creek, and know people are also concerned about the impacts to our community.

If you're concerned, we encourage you to write an objection to Wellington Shire Council, before the 31st of January. We've listed on the other side a few of the reasons you could object, and we are interested to hear other points that people are raising.

Placing an objection will include you in the official council process, which will entitle you to receive council updates about the project as well as participate in any negotiations with the quarry proponent Radial Timber. Radial Timber will also be required to respond to your objections.

You can write an online objection here:

<https://www.wellington.vic.gov.au/development/planning-applications-on-notice>

or use this shortcut: [noquarry.au/object](https://www.wellington.vic.gov.au/development/planning-applications-on-notice)

You can also post (by registered mail) or hand deliver a written objection to the Wellington Shire Council's planning office in Sale. This needs your contact details, as well as the Planning Permit application number (P376/2023) and address of the proposed quarry (317 Old Carrajung Road).

A few people have told us they would like help with writing an objection to the quarry, so we are inviting people to come to our place for an **objection writing workshop**.

When: Next Wednesday 17th January at 5:30pm

Where: 295 Old Carrajung Road.

If this time and place doesn't work for you, please contact us and we can arrange another time or come to visit you.

Any questions or to discuss, please contact us by email at glenn@gippsland.au or text 0488 860 268.

We have also created a website and facebook group to share permit and objection information: **noquarry.au**

Thankyou,
Glenn and Tiffany
